

STONYHURST Language School

April 2018 Newsletter

With outstanding facilities and boarding areas the Stonyhurst Language School prides itself on being a home-from-home for all our international students. We place a very high premium on pastoral care. The health and well-being of our students is at the forefront of our considerations.

Boarding Facilities...

All accommodation provided for students is residential within Stonyhurst College.

Students rooms are either Single or Twin bedrooms. It is preferred that students who have twin bedrooms share with a different nationality, to improve English speaking. Each bedroom will have a wardrobe, drawer, desk and chair.

Some bedrooms have an ensuite shower room. All other bedrooms are situated very close to modern wash and toilet facilities.

With a generous staff to student ratio, we guarantee close supervision within a happy, well-ordered environment. We encourage our staff to cultivate a friendly, lively, family atmosphere to ensure students feel comfortable, contented and supported while they are way from home.
