

July 2018 Newsletter

We are already half way through this year's Summer School and Course One has been a huge success!

Course 1 of this year's Summer Language School has flown by. We have met students from over 15 different Nationalities! The students have had a busy time developing their English skills including learning new words, English grammar and taking part in lots of different activities!

The students also had a wonderful time visiting the Lake District, Alton Towers, Liverpool and more. They were kept busy at the school by our Activity Leaders, who organised archery, mountain biking, playing tennis, arts and crafts, Chinese dancing and much much more.

With each year Stonyhurst Language School is getting better and better and this year's course 1 was the best one yet! We are looking forward to course 2!
