The English Course

We offer a 2 week residential English Language teaching course to children aged 10 - 16 years. The English course is designed to be an interesting, enjoyable and effective way for students to improve their language skills.

As far as we are able, young juniors (10 - 13 years) and juniors (14 -16 years) are taught separately. Students are assessed at the start of the course and placed in a class appropriate to their age and English level, with levels ranging from elementary to advanced.

All students receive 23 hours of English tuition per week, as well as two 45 minute periods of homework. We guarantee small class sizes with no more than 12 students per lesson, allowing for closer individual attention to students.

At the end of the course, each student receives a progress report and a certificate at an awards ceremony. The awards ceremony does not only reward academic achievements but also sporting success.

The Language School is very much focused on learning, but learning with fun and in a fantastic environment.
